

QUALITY POLICY

The Quality Policy of CORE CONSTRUCTION SA is as follows:

- ✓ Perform projects that will meet customer requirements as formulated in the tenders / contracts signed, keeping costs at competitive levels.
- ✓ Ensure that customer requirements and expectations, considering contractual obligations, including legislative and regulatory requirements, have been identified and implemented to meet their satisfaction.
- ✓ Take all necessary precautions to ensure the Health and Safety of Workers.
- ✓ To employ staff selected on the basis of the criteria and requirements of each post, as well as to participate in the vision of the company.
- ✓ Implement a program of continuing education and training of staff by specialized trainers.
- ✓ To utilize modern technology and to constantly modernize the equipment used.
- ✓ To systematically monitor and maintain at a high level the satisfaction of its clients.
- ✓ Apply a systematic quality control program in the execution of projects.
- ✓ To implement the Quality Objectives it sets, through their effective evaluation.
- ✓ To continuously improve the Quality Management System.
- ✓ Ensure the ownership of the client and the external provider.
- ✓ The name of the company (to be as good as) is a guarantee for the quality of the projects it performs.

To achieve this, the company has documented and implemented a Quality Management System in line with the requirements of ISO 9001: 2015, which includes all activities that affect the quality of the works it manufactures and its relations with customers.

The Quality Management System is the tool for the development, improvement and further recognition of the company in the marketplace and has the solid support of the Management in the field of resources - instruments for its effective implementation and improvement.

The Quality Policy that the company has established is understandable by all staff and its daily concern is its fulfillment. It is available for information to all interested parties of the company.
